About Us..

Our interior fit out division which is a part of building finishes, evolved and established in the market few years back. Finishing materials improve the appearance of buildings and are used in the final part of the construction or manufacturing process, forming the final surface of an element. Interior fit out goes one step up to use these materials in the interior space.

In the building finishes Al Tasnim has sub divisions like, aluminum fabrication, GRC/GRP/GRG, marble & stone, landscaping & irrigation, carpentry & joinery, glass processing. With the basket full of these services gives additional in-house strength to the whole process. interior fit out division emphasis to provide superior quality products & services and is instrumental in bringing more synergies in the business as it provides the pleasing visuals to many landmark projects across Oman.

Our Strengths

- Full fledge integrated Manufacturing facilities in Joinery, GRC/GRG, Marble & Stone Processing, Glass & Aluminum, Metal and Landscaping
- In-house skilled technicians & state of the art machinery
- Products & services meeting international standards and exceed client expectations
- Better utilization and sharing of common resources.

Omantel Headquarters, Muscat

RAH Sustainability Redevelopment, Muscat

A top-down view of architectural blueprints spread on a table. Two yellow pencils and a silver compass are resting on the drawings. A portion of a white ruler is visible in the bottom-left corner. The blueprints feature various technical drawings, including floor plans and sections, with numerous handwritten numerical values and labels. A central orange trapezoidal frame contains the text 'WE ENSURE YOUR DESIGN MEETS REALITY'.
