

OUR MOTTO:

“ Treating you & your premises as our own ”

M/s Cedars Turnkey Projects LLC was established in the year 2002 but came into force from August 2010. The Company's first major project (awarded from November 2010) was Lulu Hypermarket, Salalah. The Company offers a wide range of services such as Housekeeping services, Loading/ Unloading, Landscaping, Garden Maintenance, Pest and Rodent Control, Waste & Sewage Management, Special Services & General Maintenance.

The Company from its inception has been building a strong and capable management team. It is with this capable team that we have had a commendable achievement of commencing our operations in Oman Avenues Mall & eleven Hypermarkets of leaders in the industry such as Lulu & Carrefour. Apart from the Mall and Hypermarkets, our clients also includes Alfair LLC, Salam Studio & Stores, Bank of Beirut, Norris Production, HP Arabia, Saud Bahwan Charitable Foundation to name a few.

OUR MISSION:

- To be the best choice of selection among the players in the market for their requirements of the services we are known for in the Sultanate of Oman and subsequently in other parts of the gulf.
- With an impressive start in the industry and being associated with the larger and growing chains of hypermarkets in the Sultanate, we can look forward to abundant growth ourselves. Having established ourselves well and earning a reputation as a company with a professional outlook that handles large & demanding projects (Mall & Hypermarkets) like Lulu and Carrefour, we are now being invited by various other companies to compete in their respective tender processes.
- With the ever increasing demand for Professional services, we at Cedars Turnkey are keeping pace with the latest technology in terms of using environmentally friendly chemicals, consumables, tools and machinery. We render high quality services with professionalism and efficiency.

OUR VISION:

- Our vision is to focus on your Growth and Well being by providing services with, Quality and Punctuality exceeding your expectations & satisfaction.
- In true keeping with the environmental standards in Oman in making it the most beautiful country in the gulf and in fact in most of the world, We at Cedars would like to serve this entire country be it Hospitals, Airports, Hotels, Schools, Colleges, Banks, Factories, Universities, Malls, Hypermarkets, Supermarkets, Government Institute, Ministries, Conference Centres etc. and in keeping with our motto of "Treating your premises as our own".

What makes Oman one of the most beautiful and scenic places not only in the Middle East but in the entire world..... Yes it is its terrain with the mountain ranges and great wadi's and also the scenic spots to visit, but all this has remained wonderful for nationals & tourists to visit and enjoy because of the care that has been taken to beautify them and by keeping them clean and litter free. It is maintained so well that Omani like myself are proud of our nation and take pride in not just being an Omani but to show our wealth and culture in true Omani tradition. This is why I feel strongly about being in the right industry of Facility Management and other related services where we can contribute to maintaining the wealth in Oman i.e. its natural beauty.

Oman has been proud of maintaining a stable and strong economy but not much effect of any regional or global slow- downs in the market scenario. We in Oman on the other hand are proud that our economy has been steadily growing creating new jobs and livelihood for fellow Omani's. With the development of the economy, the need for improved infrastructure is essential to attract more development. All this and more is done but as true Omani's like we do not forget our home towns, we also do not forget the environment and how important it is to maintain it.

Hence, with the conscious effort of preserving the environment, we have become more conscious of the use of plastics and other non bio degradable items. As much as the effort is made the total eradication of these items we have come to live with seems unavoidable. Hence companies like ours i.e. CEDARS TURN-KEY PROJECTS LLC, try to contribute to this effort of properly disposing of waste and maintaining a high level of hygiene..... On that note I hope that my fellow Omanis will realise this endeavour and join us in this contribution to the environment whilst running a profitable and sustainable business and providing jobs.
